Student Exchange Program-Outbound to the School of Engineering Department-level Partner Institutions Application Guidelines, AY2019 Second Recruitment

I. Overview

The School of Engineering Department-level Student Exchange Program is a program in which an undergraduate or graduate degree student (hereafter "student") is given the educational opportunity to take courses or receive academic advice at a partner university for a semester to a year.

The exchange program participants will remain enrolled at TU while they are enrolled at a partner university and take academic courses and/or conduct research activities. Students may transfer credits earned at a partner university to, or earn credits from, TU if certain requirements are satisfied. The approval of credit transfer requests is determined by each department. Make sure to consult on a possibility of study abroad with your supervising professor of your laboratory and credit transfer with professor in charge of the Academic Affairs of your major department prior to applying.

During the study period, the tuition fee at the partner university will not be collected in most cases, but payment to TU of the tuition fee is required.

1. Partner University

Students can select their preferred universities for the exchange program from 72 SoE's department-level partner universities. Please refer to the **AY2019 Second Recruitment List of the School of Engineering Department-level Partner Universities** (Appendix 1).

- * The information on the list may be subject to change. Check the latest information on each partner university's website.
- Some of the partner universities may not accept exchange students for AY2019. If a student selects one of those universities as his/her first preference, there is a possibility that the student will be selected as a candidate for his/her second or third preferred university.
- If a student wishes to study at a University-wide partner institution including a Global Engineering Education Exchange (GE3) participating university, he/she should contact the Tohoku University Global Learning Center.

2. Study Period

One semester (Spring Semester in AY2019) or One-year (Spring and Fall Semester AY2019/20)

- * Academic calendars/semester dates vary among partner universities.
- * If a student wishes to study for one-year, he/she should consult IEED prior to applying.

II. Eligibility

1. Eligibility

Applicants must satisfy all the requirements below to be eligible for the exchange program.

- (1) The student must be a SoE, TU's undergraduate or graduate degree student who possesses excellent academic records and personality.
 - * Even if a student belongs to the SoE at application, he/she is not eligible to the SoE's partner universities if he/she belongs to a different graduate school during the Study Period.
- (2) The student must have an adequate level of language competency to study and conduct other activities at the partner university.

2. Language Proficiency Requirements

Minimum standard is not set by the SoE.

Language requirements for application depend on medium of instruction and requirements for exchange (international) students set by the partner university and it must be satisfied at the time of application to the partner university. Check the requirements at official website of the partner universities. Even if the student passed the internal screening, he/she will not be able to apply to the first preferred university if the requirements are not satisfied by their application deadline, and there is a possibility to apply for his/her second and third preferred university.

3. Other Conditions

(1) The student's registration status at TU must not be "Leave of Absence" during the study period.

- (2) The student is required to attend all of the below activities unless there is an unavoidable reason not to, such as having to attend a regular class that conflicts with those.
 - Pre-departure orientation (Twice)
 - English Communication Class held by IEED (Oct. Jan.)
 - Debriefing session
- (3) On completion of the study period, the student must return to TU and resume his/her study at TU in a timely manner.
- (4) The student is required to purchase overseas travel insurance that fulfills the requirements TU demands. (See "V. Expenses (4) Overseas Travel Insurance" for details.)

[Remarks]

- All the application documents should be in size A4.
- Application Document ① must be written by the applicant. Otherwise, the application will be disqualified.

(2) How to Submit

Submit all application documents to the Academic Affairs of your major department.

(3) Deadline: Confirm with the Academic Affairs of your major/departments

IV. Screening & Result Announcement

(1) 1st Screening: Screening based on Application Documents

The applicants are screened based on their academic records, language competency, statement of purpose, and study/research plan.

(2) 2nd Screening: Interview

The applicant's purpose of study abroad, readiness to adapt in a foreign culture, and language competency will be evaluated by interviewers.

Time of the 2nd screening will be announced by email.

(3) Result Announcement

The result will be announced via Academic Affairs of your major/department in early September, 2019 (tentative).

V. Expenses

(1) General Expenses

Expenses required during the study abroad period shall be borne by the student.

(2) Tuition

Pursuant to the student exchange memorandum, students do not have to pay the tuition fee at the partner university in most cases. However, there are a few partner universities which require the payment of tuition and other administration fees. Note that during the exchange period, payment to TU of the tuition fee is required.

(3) Scholarship

Refer to information below.

> Scholarship Information: http://www.insc.tohoku.ac.jp/japanese/preparing/scholarship/

(4) Overseas Travel Insurance

Once the applicant is accepted as an exchange student by the host university, he/she must purchase overseas travel insurance that called *Futai Kaigaku* (付帯海学). If the student needs to purchase another insurance at the host university, he/she will have to purchase it as well as the *Futai Kaigaku* (付帯海学). The student is responsible for all the premiums.

➤ Futai Kaigaku (付帯海学): http://www.insc.tohoku.ac.jp/japanese/preparing/safety/futai_kaigaku/

VI. Other

(1) Study Abroad Counseling

Make good use of the IEED's counseling service before applying to the program.

➤ Online appointment (留学アドバイジング予約):

https://www.ied.eng.tohoku.ac.jp/applications

* Check at the Academic Affairs Section of the major department about credit transfer, appropriate time to study abroad, etc. prior applying.

(2) Choosing Preferred Universities

- On the Student Exchange Application Form [Application Document ①], students can list up to three universities in the order of preference.
- Students are required to satisfy the language requirements of all their chosen universities.
- Students should make sure to spend a good amount of time researching on the universities'
 websites to collect as much information as possible on them, such as available faculties and
 courses for exchange students, courses taught in English, whether the courses are held
 during the study period, application procedures etc., and select universities that match the
 purpose of their study.
- Screening is only for the universities that student listed up. After students have passed the internal screening, they can apply to the university, which TU will specify.

(3) Revocation of Exchange Student Eligibility

In the following cases, students will lose eligibility even if they passed the internal screening.

- ① The student is not admitted by the host university.
- ② The student does not satisfy the specified requirements by the time the study period starts.
- 3 The student has health concerns.
- ④ The number of exchange students that the host university accepts has decreased.
- ⑤ The student does not observe the terms and conditions described in the "Oath of Understanding of the Terms and Conditions" 【Application Document ⑤】.
- 6 TU considers the candidate to be inappropriate for the exchange program for a reason not mentioned above.

(4) Acceptance/Refusal and Affiliation at the Host University

Generally speaking, the student's affiliation at the host university is decided based on TU's advice and the student's preference. However, the decisions are totally up to the host university.

(5) Application to the Partner University and Related Expense

Processing the application documents for the host university and related expenses, including flight fares, are the student's responsibility.

(6) Partner Universities in UK

UK visas and immigration require candidates to submit IELTS score as proof of their language competency for issuing VISA. TOEFL is not accepted.

(7) Graduate Schools in the USA

Some graduate schools in the USA require candidates to submit a GRE score (Graduate Record Examinations) as an application document.

(8) Medical Insurance Provided by the Host University or Host Nation/Region

Some universities, countries or regions require visiting exchange students to join an institutional/a local insurance scheme. In that case, students are required to purchase the insurance required by the host university/country/region as well as the overseas travel

insurance mentioned in (4) of Article V. Purchasing overseas travel insurance is mandatory for all students. If he/she does not purchase any overseas travel insurance, he/she may lose eligibility as a candidate.

(9) Discontinuation of Program Participation and its Related Costs

The Student shall bear any costs including cancellation charges, transportation expense from the host country to Japan etc., incurred due to the withdrawal from the program, loss of the eligibility to participation in the program, or in the event of program cancellation or discontinuation by TU regardless of their reasons.

(10) If there is any contradiction between what the English language version of the Terms says and Japanese language version says, then the Japanese language version shall take precedence.
